# MATERIAS

Adenohypophysis, oxytocic and antidiuretic activity .....	296
Adrenal cortex and teeth growth .....	301
Adrenal role and transfusions .....	328
Adrenalectomy, effect on ascorbic acid and glycoproteins .....	110
Adrenalectomy, effects on blood and liver glucose .....	82
Amphibia, blood proteins .....	77
Angiotensin .....	159
Angiotensin, content of renal blood .....	49
Antidiuretic activity of adenohypophysis .....	296
Antidiuretic hormone, effect on corticotrophin release .....	119
Arteries, effect of gonads on metabolism ..	84
Arthritis, glycoproteins, mucoproteins and ascorbic acid .....	313
Ascorbic acid and adrenalectomy .....	110
Ascorbic acid in embryo .....	81
Ascorbic acid in shock .....	150
Ascorbic acid in shock .....	155
Audiogenic seizures, action of isopropylhydrazine and imipramine on .....	301
Audiogenic seizures, action of reserpine and guanetidine .....	299
Audiogenic seizures and hydroxydione .....	299
Audiogenic seizures, modification by stress ..	300
Audiogenic seizures, strain and sensitivity ..	299
Bacterial conjugation .....	84
Biliary obstruction, electromicroscopic study ..	303
Blood, albumin/globulin ratio in Amphibian ..	77
Blood, angiotensin content of renal blood ....	49
Blood, glucose after hypophysectomy .....	82
Blood pressure, action of neurohypophyseal hormones on toad's .....	304
Blood pressure and exercise .....	130
Blood, serum proteins affected by tumors ....	80
Blood, serum proteins affected by tumors ....	80
Blood, thyroid insufficiency .....	30
Blood, volume in normal heart .....	301
Bradykinin, estimation in blood .....	101
Bradykininogen content of the plasma .....	215

Cardiac muscle, effect of ethanol on intracellular potentials .....	84
Cardiac muscle, respiratory enzymes .....	75
Cardiac output in normal rat .....	301
Carotid occlusion and its effects .....	350
Catecholamines and pulmonary circulation ....	20
Catecholamines, catabolism .....	76
Catecholamines in adrenal veins of snakes ....	290
Catecholamines in pyrogallol treatment .....	80
Cerebral cortex, evoked potentials, action of drugs .....	302
Cholesterolemia, effect of hypophysectomy ....	87
Cholinergic mechanisms .....	73
Circulation, partial occlusion of the pulmonary artery .....	208
Collagen, immunology .....	73
Collagen, immunology .....	74
Collagen, of rat skin .....	79
Conditioning .....	198
Conditioning, blockage by hydrocortisone .....	198
Corticoids, action of DOCA on excretion of creatine .....	295
Corticoids in toad's urine .....	87
Corticosterone content of adrenals and reserpine ..	324
Corticotrophin and antidiuretic hormone .....	119
Diabetes, alloxan, action of nialamide .....	84
Diabetes- and pregnancy .....	75
Diabetes, effect of chlorpromamide .....	76
Diabetes, effect on reproduction .....	74
Diabetes, genital tract in .....	74
Drugs, action of tyramine. Effect of reserpine on ..	221
Drugs, analgesic effect of .....	71
Drugs and catechol- and indole amines upon reserpine .....	390
Drugs, antidepressive agents .....	73
Drugs, antidepressive agents .....	77
Drugs, Beta-hydroxybutyric acid on testis ....	81
Drugs, chlorpromamide and diabetes .....	76
Drugs, chlorpromamide on glucose tolerance ..	84
Drugs, cholinesterase inhibitors .....	282
Drugs, histamine and derivatives of l-beberine ..	388
Drugs, hydroxydione and audiogenic seizures ..	299
Drugs, induction of porphyria .....	83
Drugs, McN-A-343 compound and neuromuscular action .....	389
Drugs, menadione on <i>Trypanosoma</i> .....	75
Drugs, morphine, abstinence syndrome .....	297
Drugs, nalorphine, abstinence syndrome .....	297
Drugs, neural effects .....	199
Drugs, nialamide, action in diabetes .....	84
Drugs, on liberation of gonadotrophins .....	81
Drugs, phenyl-isopropylhydrazine and imipramine on audiogenic seizures .....	301
Drugs, psychotropic, on audiogenic seizures ..	79
Drugs, pyrogallol on catecholamines .....	80
Drugs, reserpine and guanetidine. Action on audiogenic seizures .....	299
Drugs, thiophanium on renal circulation .....	54
Drugs, tolerance of animals to nalorphine and levallorphan .....	43
EEG, desynchronization in isolated forebrain ..	297
Electrocardiography, effect of antidepressives ..	77
Enzymes, "A" apyrase in potato .....	295
Enzymes, monoaminoxidase, subcellular localization .....	300
Erythropoietin production and bioassay .....	362
Estrogens, effect on oxytocin response .....	26
Fat, liver during .....	295
Fatty acids in normal and diabetic rats ....	305
Genital tract in diabetes .....	79
Germinal cells of testis .....	79
Gland transplant and hypoglycemia .....	306
Glucose tolerance, effect of chlorpromamide ....	84
Glucose uptake of alpha-globulin .....	296
Glycoproteins and adrenalectomy .....	110
Gonadotrophins, liberation by drugs .....	81
Gonadotrophins on ovarian grafts .....	80
Gonads, action of arterial metabolism .....	84
Heart, stimulating action of acetylcholine on ..	293
Hepatic regeneration and method of study ....	385
Hydrocortisone, effect on conditioning .....	198

Hypoglycemia in hypophysectomized dogs .....	306	Pulmonary circulation and catecholamines ..	20
Hypophysis and blood glucose .....	82	Purkinje fibers, membrane potentials .....	201
Hypophysis and cholesterolemia .....	87	Red cells and its hemolytic volume .....	334
Hypophysis, stimulation of graft .....	81	Renal circulation, effect of a thiophanium derivative .....	54
Hypothalamus and sodium intake .....	388	Renal failure, skeletal muscle in .....	184
Hypothalamus, control of water and salt intake .....	94	Reproduction and thyroid .....	77
Hypoxia and thyroid .....	299	Reproduction, in diabetes .....	74
Hypoxia, effect on thyroid .....	74	Reserpine and corticosterone content of adrenals .....	324
Iodine concentration by the submaxillary gland .....	298	Respiratory enzymes, effect of steroids .....	75
Iodine, concentration in salivary glands .....	73	Reticular influences on spinal reflex .....	165
Islets of Langerhans in the toad .....	382	Saliva secretion, mechanical and pharmacological stimulation .....	390
Kidney, changes during lactation .....	193	Sarcoma 180 .....	76
Kidney, effect of arterial clamp .....	73	Sarcoma 180, inductive effect on embryos .....	79
Kidney, glomerular filtration .....	74	Schistosoma, intrahepatic embolization .....	198
Kidney, hypertrophy in toads .....	81	Sexual chromatin in marsupials .....	374
Kidney, plasma volume and glomerular filtration .....	177	Sexual differentiation, action of gonadotrophins and estrogens on .....	303
Lactation, action of reserpine .....	305	Sexual hormones and calcium and phosphorus .....	300
Lactation, influence on kidney and liver .....	193	Skeletal muscle in renal failure .....	184
Learning, Symposium on .....	62	Skeletal muscle, post-tetanic fibrillation .....	8
Liver and hypoxia .....	302	Skeletal muscle, post-tetanic fibrillation .....	298
Liver, changes during lactation .....	193	Skeletal muscle, repetitive responses .....	138
Liver, damage, hepatic antigens in blood .....	294	Skin, soluble collagens of .....	79
Liver, hepatomas, effect of nephrectomy on .....	304	Spinal reflex, reticular influences .....	165
Liver, homogenates and growth factors .....	337	Steroid hormones, action on reduction of quinones and quinols .....	300
Liver, liberation of glucose, affected by pancreas .....	82	Steroids effect on respiratory enzymes .....	75
Liver, postnatal chemical variations of .....	302	Submaxillary gland, iodine concentration .....	298
